DYSPEPSIA.

DR. HUTCHINGS'
VEGETABLE DYSPEPSIA BITTERS.

THE MOST POPULAR FAMILY MEDICINE OF THE AGE!

Used by Physicians of High standing.

These BITTERS remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, fortify the system against all future disease, can be taken with safety, at no time debilitating the patient—being grateful to the most delicate stomach and remarkable for their cheering invigorating, strengthening, and restorative properties, and an invaluable and sure remedy for the

DYSPEPSIA IN ITS WORST FORM.

Also, liver complaints, jaundice, heartburn, costiveness, faintness, disorders of the skin, liver and kidneys, loss of appetite, low spirits, nervous headache, giddiness, palpitation of the heart, sinking and fullness of weight at the stomach, and all other diseases caused by an impure state of the blood, liver, &c., which tend to debilitate and weaken the system.

Females who suffer from a morbid and unnatural condition, will find this medicine of

INESTIMABLE VALUE

In all cases of General Debility this Medicine

ACTS LIKE A CHARM.

The following certificate is from an old gentleman who readily acknowledges the Bitters the only thing that keeps him alive.

Dear Sir:—I hereby offer you a willing testimony to your valuable Bitters; I hardly know where to find words to thank you for the good it has done me. I would not be without it on any account, and honestly believe that it is the only thing that keeps me alive.

I have recommended it to many of my friends; they all speak of it in the highest terms, which it richly deserves.

You are at liberty to refer any one to me as regards your valuable compound.

WALTER SIMONSON,
63 Fourth street, Williamsburg.

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well

The undersigned has every confidence in the efficiency of Hutching's Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for $2,50

HUTCHINGS' VEGETABLE DYSPEPSIA BITTERS.—THE PROOF! THE PROOF!!—An ounce of fact is worth a pound of theory; and the swarm of conclusive facts that cluster around this incomparable preparation, establishing its value as a tonic and restorative, are such as would prevent incredulity itself from questioning its efficacy. In all cases of disease of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial and renovating influence. Dyspepsia, heartburn, loss of appetite, uneasiness in the epigastric region, fluttering of the heart, dimness of sight, swimming in the head, hypochondria, flatulency, nausea, nervous tremors, relaxation and debility, &c., are relieved by the Bitters in a very short space of time; and a perseverance in their use never fails to work a thorough cure.

WILDER'S

PATENT SALAMANDER SAFES,

NO. 25 MERCHANTS' ROW, BOSTON,

CORNER OF CHATHAM STREET.

The following letter from the proprietor of the Chelsea Laundry, is a proof of the superior qualities of this Safe:

CHELSEA, May 15, 1848.

John E. Wilder, Esq.—Dear Sir: In reply to your note, I have the pleasure to say that the books and papers contained in the Safe I bought of you, were perfectly legible and uninjured by fire at the burning of the Chelsea Laundry, on the night of the 10th instant. There were papers and bank notes in the drawers of the Safe, which had no appearance of having passed through fire. The Safe was exposed to an intense heat for several hours.

Respectfully yours
STEPHEN SIBLEY.

The following letter from the Superintendent of the Maine Telegraph Company, is another proof of the superiority of JOHN E. WILDER'S Safe over all others:

BANGOR, Oct. 21, 1849.

Mr. E. Wilder, Esq.:—Dear Sir: The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph office in this city. It was in the fire six hours; the books and papers were uninjured, and the damage to the Safe very trifling, although it fell from the second story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new.

Respectfully yours,
JAMES EDDY.

In addition to the above certificates in favor of these Safes, I received a Diploma and Silver Medal for the best Safe held in Boston.

From the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very clear.—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate skin to healthful action with the Tricopherous, the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, *New York.* For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

HAZARD'S FORMODENTA,

JENNY LIND DAGUERREOTYPES

As there is a deal of excitement caused by the Swedish Nightingale, so there is about the *life-like* Pictures taken by WILLIAMS. Have you visited his rooms? if not, do not fail to soon, because he has made up his mind, to stay in Newport but a few weeks longer. What a token of remembrance is a perfect likeness! When friends are removed from us, with what pleasure can we bring their features to our eyes by having that which no family should be without; it brings to our mind those joyous hours which we long to renew. Then, reader, make it your duty to drop into this place of remembrance, and you will never be sorry. The subscriber has all the latest improvements in the art, and by the present process he is enabled to take a correct likeness in the short space of 3 seconds.

Don't forget, WILLIAMS' DAGUERRIAN ROOMS, over the *Park Saloon*, corner of Washington square and Thames-st.

The Daily News.

NEWPORT,

BY CRANSTON & NORMAN,

127 THAMES STREET.

TUESDAY MORN'G, APRIL 6, 1851.

CHISNOCH'S IMPROVED BALL AXLE.—This axle is both novel and simple; the advantages gained are numerous. By placing a number of spherical balls in a groove partly in the box and partly in the arm or axle, a great saving in the draught is obtained,—the friction both at the shoulder and nuts being obviated, it is capable of taking a beautiful finish, and only requires oiling once in six weeks. This improvement may be applied to any kind of vehicle, at a very small cost. A vehicle with this axle runs without any noise or jar, and is much safer than ordinary axles. We regard it as one of the most valuable improvements of the day, which will undoubtedly be brought into immediate and general use. This axle, in running order, may be examined for two days at the stable of the Park House; and we advise all owners of carriages to go and see it.

☞Will the author of the communication signed * * *, please call at the office? His remarks meet our approbation, and we will publish them if he will have an interview with us; it shall be strictly confidential.

Married, at Cambridge, Mass., 2d inst., Mr. S. W. Dabney, of Fayal, Azores, to Miss Harriet W. (daughter of the late Professor) Webster of C.

We have heard it stated, on the authority of a neighbor, that, on the conviction of her father, this young lady, who had for some time been betrothed to Mr. D., the brother of her sister's husband, absolved him from his engagement, which, however, with a manliness that did him honor, he would not accept.

We learn that they, with Mrs. Webster, are about making a visit to her birth place, Fayal, where her eldest daughter resides.

The General Assembly.—D. Allen, Democrat, was elected to the House of Representatives in North Kingstown, Saturday, without opposition. The agents of the victorious party were present, authorized and prepared to pay *one hundred dollars* each for as many votes as might be necessary to carry the election. The same thing will be done to-day in Richmond, and with the same result. In Westerly we do not believe that the Whigs will be borne down by the power of money; and we shall be disappointed if a Whig Senator is not chosen in that town to-day.—But we are prepared to see almost any disaster.

The General Assembly now stands, including the Lieut. Governor:

	Whigs.	Dem.	Vacancies.
Senate,	14	16	2
House,	36	34	2
	50	50	4

Of the four vacancies, the two in Richmond may be set down as certain against us. We hope to be able to say to-morrow that the Whigs have carried Westerly. In that case, the Democrats will have two majority in the Senate, and the Whigs will have one majority in the House, with one vacancy in Providence.—*Prov. Joiir.*

New York, April 6.

The U. S. Marshal in this city has received a communication from the Marshal at Boston, requesting that he and his aids should be in readiness to assist in the safe transmission of the fugitive Sims, on his route hence to Savannah.

Hon. Daniel Webster arrived here yesterday, but, owing to his continued illness, was obliged to retire to his room immediately. He expects to leave for home on Tuesday.

H. Conclklin has been arrested and held to bail in $2000, charged with firing the First Presbyterian Church in this city, in January last.

Littlefield has retired from his post as Janitor at the Medical College, and gone to live on a farm in Vermont, which he purchased with his reward for discovering Dr. Parkman's remains.

Plot to dethrone the Emperor of Hayti.—A conspiracy has been recently detected to dethrone Faustus I. headed by M. Francisquo, Chief Justice of the Empire and one of the Cabinet. He, with three others, were tried by Court Martial at Port au Prince, and condemned to death; but the decision was afterwards annulled and a new trial ordered.

The Virginia block for the Washington monument is of granite, four feet by ten, and bears the following inscription:—"Virginia, who gave Washington to America, gives this granite for his monument.

NATIONAL MONUMENT NEWSPAPER.—A prospectus of a weekly journal, with this title, has just been issued in Washington city. James C. Pickett is to be the editor and publisher; and the net proceeds are to be applied towards the construction of the National Monument. The first number is to be published on the 4th of next July.

A singular wager has been laid in Spain between the Duke of Ossuna and the celebrated banker, Salamanca. It is *horse* against railroad. The duke bets that his horses shall beat the locomotive on the Madrid and Aranjeuez railroad, which is twenty-seven miles long. Several horses are to be employed, and are to be stationed thus: A jockey and horse at the Toledo gate of Madrid to ride the first league and deliver a paper to the second, who is to be in readiness with another horse to ride another league, and so on. It is said that the duke calculates that each league may be done in seven minutes, making forty-nine minutes for the whole distance his horses will have to run. The road on which the horses run is seven leagues in length. The wager is for a million of reals, $125, 000.

CADET APPOINTMENTS. Washington, 3d. The President appointed today the following cadets at large, sons of officers who were killed or died in service; Francis L. Vinton. W. H. Penrose, J. H. Hill, William B. Hawland. Charles B. Waters, sons of officers now in service; B. B. Terence; T. L. Childs, A. S. Cunningham, from civil life; J. O. Whistler, N. S. Powers, D. C. Edward W. Williams.

THE DARKEST HOUR OF ALL.—An old "Revolutioner," who had been through all the hardest fights of the war of '76, once said that the darkest and most solemn hour of all to him, was that occupied in going home one dark night from the widow Bean's after being told by her daughter Sally that there was no earthly use in his coming back any more.

NEW TICKET.—The Louisville (Ky.) Sunday Varieties, edited by the "Recluse," has hoisted its flag for 1852, with these names inscribed on it for President and Vice-President:

For President.
JANE G. SWISSHELM,
of Pennsylvania.
For Vice President.
HORACE GREELEY,
of New York.

Subject to the *in*-decision of "Woman's Rights" and "*Nigger's* Wrongs" Convention.

Paid with Interest.—Thomas Fuller, who was a lively writer but rather addicted to punning, was occasionally repaid his puns with interest. He was exceedingly corpulent, and as he was out riding with a friend named Sparrowhawk, he could not resist the opportunity of cracking a joke upon him.

"Pray, what is the difference," said he, "between an owl and a sparrowhawk?"

"An owl," replied his friend, "is *fuller* in the head, *fuller* in the body, and *fuller* all over."

New Motive Power.—An engine has been completed at the American Machine Works, in Springfield, Mass., in which air takes the place of steam as the expansive force. It is to be sent to the World's Fair. It is said to work well, and shows that air can produce the same effect as steam, with one-twentieth part of the fuel, and less danger of explosion. A patent has been secured. If all this be true, the inventor must have found some new way making available a force which has often been tried before, with no success to be compared with steam power.

Precocity.—Charles the Twelfth translated Quintius Curtius at eight years of age. Montaigne was taught Latin in his nurse's arms; it was the first language which he spoke. Barretier was master of five languages at the age of nine years. When Cato was but fourteen years of age, he was in Scylla's house, a witness of his tyrannies.—"Give me a sword," said he "and I will kill him. I am not afraid of him."

☞An oak knot is to be sent from Cincinnati to the World's Fair. It measures some 15 to 18 feet in circumference and is five or six feet long.

IMPERIAL MUNIFICENCE.—We see it stated that Emperor Nicholas, of Russia, has directed his agents to purchase every model or specimen of art at the World's Exhibition, which may be useful in the improvement and advancement of Russian manufactures. It is asserted also, on the authority of a letter from St. Petersburg, that the Emperor intends to spend 10,000,000 of silver rubles in such purchases.

Experiences.

BY MAJOR PATTEN, U. S. ARMY.

About the world I've journey'd much,
I've travelled far and near,
And my experience is such
As you shall shortly hear.
I've seen the worst—I've seen the best
Of (so called) human kind,
Where all are busily in quest
Of what they never find.

I've known a man who robbed the poor
And yet was rich himself,
Who drove the beggar from his door
With silver on the shelf.
I've seen a judge who justice sold,
Have heard a gamester pray,
And known a wife who did not scold
"Upon a washing day."

Has I've seen just turned fifteen,
(A blossom partly blown,)
Who really did not care, I ween,
To be a "woman grown."
Again I've met a *ready* maid
(Oh! Godiey, be it sung!)
Who did not seem the *least* afraid
At being reckon'd young.

I've known a lawyer plead a cause
Who never sent his bill,
And known a doctor (not of laws)
Take his prescription pill.
I've known a tradesman speak the truth,
I've heard a parson swear,
And knew a hackman once in sooth,
Who charged but *lawful* fare.

I've known a politician break
The oath to which he swore,
And known a "son of temperance" take
His "*grub*" behind the door.
I've worn a gaiter labelled "*Lyon*,"
Which Lynn had never known,
And purchased not ill-flavored *gin*
In bottles stamp'd *Cologne*.

I've known a person play at *whist*
Who would not play at *loo*;
And known an abolitionist
Who did a slave pursue:
To lavish on its offspring wild
A miser hoard his gold,
And seen a mother leave her child
For stranger hands to hold.

I've seen a maiden who had slid
Who had a modest air,
And seen a *belle* who (seeming) did
Not know that she was fair.
Once on a railroad 'twas my lot
To get a "passage free,"
And on a steamer once I got
A decent cup of tea.

And I have seen, once in my life,
A husband be it known
Who did not treat his neighbor's wife
Some better than his own;
And also seen—I'll be (don't wink)
As gentle as I can—
Some time ago, it was—I think—
I saw an honest man.

Flavoring Ice Cream.—In a neighboring town, during "Court week," a goodly company were assembled at a public dinner table, and among them a wag whom we may call *Dr. Blank*, and a country "gentleman of the jury."—The Doctor despised ice cream, and the juryman, not knowing what it was, looked at the Doctor when the article came on, to see how he would dispose of it. The latter, perceiving that his neighbor was in a doubtful state of mind, took some cream upon his plate, smoothed off the top, covered it with black pepper, and made a hole in the centre and poured in some vinegar. The stranger reached over to the castor, and obtaining the condiments, did likewise. He then took a spoonful of the prepared article into his mouth, gave one look around the table, and "cut." The company, of course, could all say with the victim: "ice creamed!"

Reported Revolt in Cuba.—The New Orleans mail, as late as due, is received. The Picayune says that rumors are afloat in that city of an outbreak in Cuba One report was that the people had arisen against the authorities, and another that there was a general negro revolt. The Picayune places some credit in the rumor. Letters received at Savannah from Cuba say that a large number of soldiers had deserted and gone to the mountains, and that some twenty Cubans had gone to join them.

COOL.—A stage coach, containing nine passengers, was upset near Cincinnati a few nights since.—The body of the coach was thrown from the wheels and rolled some distance down a fearful precipice, lodging against a tree. Among the passengers was a lady, carrying a flower-pot containing a plant. Before she was fairly extricated, she inquired for her flower-pot, and after having got possession of it she asked for her husband! Fortunately no one was badly hurt—not even the flower-pot.

☞Letters from Europe received by the last steamer, state that over 100,000 persons are preparing to embark for this country during the month of May and June.

☞Young children often do wrong merely from immaturity of their reason, or from a mistaken principle; and when this is the case, they should be tenderly reproved and patiently shown their error.

LITERAL READING.—Mr. Pierpont, in one of his recent lectures, spoke of a stout stickler for the literal in holy writ, who asserted that the mariner's compass is not a modern invention, in proof of which he quotes the following passage in the narrative of Paul's voyage to Rome:—"And landing at Syracuse, we tarried there three days; from thence we fetched a *compass* and came to Rhegium."

DESIRABLE RESIDENCE FOR SALE.

THE Subscriber offers for sale the Summer Residence of the late Wm. C. Shaw. The Lot contains about an Acre and a quarter, upon which considerable sums have been expended for Ornamental, Shade, Fruit Trees, Shrubbery, &c., and is improved by a Two Story Cottage, containing in addition to two parlors, breakfast room, &c., six good chambers, besides comfortable servant's apartments. Being situated at the intersection of South Touro and Pelham streets, in the immediate vicinity of the Atlantic House, and equi distant from the Ocean and Bellevue Houses, it is probably not surpassed for convenience of locality. In the rear of the Cottage are Stable, Carriage House, large Vegetable Garden, &c.

Any one desiring to purchase can examine the premises by applying to Wm. T. Potter or Benj. Mumford, Esqs., Newport, R. I., from whom further particulars and terms can be obtained, or by addressing the subscriber. WM. C. SHAW,

PLUMBER, BRASS FOUNDER AND COPPER SMITH,
No. 226 Thames Staet,
Newport, R. I.

HAS constantly on hand a variety of Force and Lift Pumps, of his own manufacture, which he warrants equal, if not superior to any before offered in this market.

Also, Water Closets, Wash Bowls, Croton and Cochituate Faucets, and every description of Plumbing Materials of various qualities and prices, as cheap as can be bought elsewhere.

Also, Pure Block Tin Pipe, warranted not to injure the water in any way and fitted in the best style to Pumps and all other purposes.

Having procured the services of an experienced Plumber, he is prepared to execute all orders in this line with neatness and dispatch.

Lead Pipe and Sheet lead of various sizes on hand, also, all kinds of Brass and Composition Castings made to order. Ship Castings of all kinds on hand and made to order at short notice.
JAMES W. LYON,

Having been appointed agent of the Hudson Gutta Percha Manufacturing Co., is now prepared to furnish any quantity of Gutta Percha pipe, and sheet do.; this pipe can be fitted to any of the uses to which lead has been applied, for conveying cold water possesses many advantages over lead as it is not affected by any of the acids or alkalies, it is entirely tasteless, does not affect any kind of water, will not rot and cannot be burst by frost. The sheet may be applied to any use to which sheet lead may be applied, and peculiarly adapted for lining water tanks and reservoirs and also for water closet work.

Grateful for past favors, he hopes by strict attention to his business to merit the approbation of his customers. All work warranted not to fail until worn out.

NEW VILLAGE OF HERMANNSVILLE.

ONLY $25 FOR A HOMESTEAD.

22 FARMS, worth over $8,500, and 6, 100 LOTS, to be distributed among 500 Subscribers.

To supply the demand for the Lots and Farms at Hermannville, I have laid out another tract, adjoining the Long Island Railroad and the land already sold at Hermannville, to be of the same size, and disposed of and divided among the purchasers in the same manner as those recently sold there.

I have been induced to do this from the great number of persons wishing to purchase these Lots and Farms, as the improvements in that part of the Island are constantly increasing, and large numbers of persons have now become interested in those lands. This additional tract is in every respect equal to the other, and at the rate they are now being taken they will all be sold in a few weeks.

Each subscriber is entitled to 8 Lots, 25 by 100 feet, lying together, or a FARM of from 4 to 20 acres. The shares are limited at $25—payable $5 when subscribed for, $5 on or before the day of distribution, and the balance in monthly instalments of $3. If desired, a Warrantee Deed will be made out immediately after the distribution, and delivered directly after paying the balance.

The lots are situated in the Village of HERMANNVILLE, on the Long Island Railroad, County of Suffolk, and 50 miles from the city of New York, and adjoins Lakeland, also a new village recently laid out, where handsome buildings are erected, and the Railroad Company contemplate making a large depot for the termination of their early and late trains between that place and Brooklyn. It is one of the healthiest places in the United States, and within one mile of Ronkonkoma Lake, a beautiful sheet of water about three miles in circumference, of singular transparency, and of great depth, with an abundance of fish. The village is but 4 miles distant from the great South Bay, which is 5 miles wide and 40 miles long, abundantly supplied with oysters, clams, and fish of various kinds.

These lands will produce as much per acre, with the same cultivation, as any land within fifty miles of the city of New York.

"LONG ISLAND WHEAT.—At the annual meeting of the New York Agricultural Society, held at Albany on the 20th inst., for awarding premiums on Field Crops, we find Suffolk County stands second best—no slight honor—in raising Wheat. Mr. Samuel L. Thompson, of Setauket, received the second premium of $15, for Winter Wheat, 42 bushels 1 peck to the acre.—Mr. Thompson's wheat is of a variety which has been raised but a few years on the island and the yield proves it well adapted to the soil, &c.—The agricultural capabilities of Long Island are beginning to be developed."—*Long Islander.*

Setauket is about 8 miles from this land (Hermannville), and is no better by nature than those now offered for sale. This wheat is a new variety, of a superior kind, and was sold for seed wheat at $5 per bushel, and Mr. Thompson received for the product of a little more than two acres, over $400.

There have been raised during the past season the very best of Corn, and *Potatoes* 150 *bushels* per acre, Egg Plants, and a variety of garden vegetables, on Land near the Long Island Railroad, at Lake Road, or Lakeland, where a Post-Office has been established, for which premiums at the Suffolk county Agricultural Fair, held September 24th, 1850, were given. Also peas, beans, onions, squashes, pumpkins, beets, and tomatoes.

The following is from the New York Farmer and Mechanic of November 7th 1850, and was written by Mr. STAN, the editor, who visited the lands. The wheat, potatoes, and crops, referred to in the article, were at Lakeland, near Hermannville Station:

"Having a few hours' leisure during the past week, we were conveyed over the Long Island Railroad, to a large tract of the country about fifty miles from New York, which we find to be capable of very successful and profitable cultivation. Although late in the season, and viewed under some disadvantage, we were surprised at the quality and abundance of the crops which had been gathered from a portion of the land, as also to the winter crops, which appeared unusually promising. Wheat which had been sown but two or three weeks, presented a beautiful thrifty appearance; while turnips, beets, and other vegetables not yet gathered for winter use, would compare advantageously with the best in the New York market. Potatoes already in the cellar, were very fine, *without a vestige of disease*, and corn standing in the field was not surpassed by much that we saw on lands valued at more than one hundred dollars per acre. Indeed the vegetables which received the premium at the Suffolk County Fair, were raised from a portion of this ground *which had not been under cultivation six months.* Altogether we were very favorably impressed with our visit to these lands, now so favorably offered to the public, at prices which cannot fail to double in a few years, and we would invite the attention of those who desire a cheap and eligible farm to this location."

Hermannville Station is located on the borders of the Long Island Railroad, whence cars run several times a day to Brooklyn and New York. The surface of the land is smooth and level, and the surrounding country is perfectly healthy, and within a few miles of this place, highly cultivated and valuable, having been settled for more than a hundred and fifty years, and where similar lands sell at from $50 to $200 per acre.

The distribution will take place in a short time, by a Committee to be selected by the Subscribers from among their number. The person having the first choice will be entitled to a 20 acre farm, worth $1000; the second to an 18 acre farm worth $900; the third, a 16 acre farm worth $800; the 4th, a 14 acre farm, worth $700; the fifth, a 12 acre farm, worth $600; the 6th, a 10 acre farm, worth $560; the 7th and 8th, each an 8 acre farm, worth $400; the 9th, 10th and 11th, each, a 6 acre farm worth $360; the 12th, 13th, 14th, and fifteenth, each, a 5 acre farm, worth $250; the 16th, 17th, 18th, 19th and 20th, each a 4 acre farm, worth $200; and all the others will be entitled to 8 Village Lots, each 25 by 100 feet, lying together. There are no blanks. This is not a lottery; every person gets for $25 a handsome lot of ground, equal to 8 city lots. The distribution will take place soon.

MANNER OF DISTRIBUTION OF THE HERMANVILLE LOTS AND FARMS.

On the Long Island Railroad at Hermannville Station, 50 miles from the city of New York, a Car and Engine House is now being built, near this village, and the last train leaving Brooklyn late each afternoon, stops near this Station, and returns early in the morning. The distribution will be as follows: All persons subscribing will receive a receipt which will be numbered. At the drawing all the numbers on the map, from No. 801 to 1600 inclusive, will be placed in the wheel. The first number drawn will entitle the holder to a farm of 20 acres, and the following 19 numbers drawn will entitle the holders of the numbers so drawn to the farms in the order laid down on the map, after which each subscriber will receive each 8 village lots, 25 by 100 feet, lying together, which may be drawn to his number, until all the numbers in the wheel are drawn, but two—the first of which will entitle the holder to a farm of 5 acres, and the last one to a farm of 10 acres, as laid down on the map; if the first number drawn from the wheel should be No. 1225, the holder of the number so drawn will receive a 20 acre farm, and the succeeding numbers in the same manner as described.

The lands are as good as represented, and as good as any raw land on the Island, and when cultivated, will produce in the highest degree.

The land was once heavily timbered; now portions are now covered with a thrifty growth of young wood, oak and pine. Wood is plenty and generally cheap in that part of the Island. Fire-wood is cheap; that which is suitable to be cut into cord wood, for the New York market, is of uniform price, and has for a great many years been always considered a cash article on the Island.

There is material on the land for several fencing—good chestnut rails can be had within a few miles of those lands in abundance. All building materials can be had at the depots of Brooklyn and Greenport, and at many intermediate places, at the usual market prices. There are numerous streams of water rising in these new lands, and running into the Great South Bay, which are remarkable for their purity, and which, indeed, dry weather makes very little.

change in them, they are unfailing; and wells are of various depths—probably, over these new lands, in the middle region of the Island, the average depth will be about 25 feet; at Hermanville, as the ground is higher, they are deeper. Subscribers are not compelled to build.

There are now churches and schools within two or three miles of the village; and within four miles, mills, factories, stores and villages. All the privileges of an old settled county are to be had here; and the people of Suffolk County pride themselves on being a highly moral, orderly, and religious people. All of my subscribers are persons of respectability.

The land can be very easily cleared, and the cost of settlement will depend entirely upon the settler; he can lay out as much or as little as he chooses. I do not know of any objections to the place or to the land for a settlement; and the same labor and industry which make successful and prosperous settlements in other parts of the county, bestowed upon these lands, cannot fail to produce favorable results.

The climate is in every particular healthy and pleasant—the roads are good, and always passable at all seasons of the year—the winters are short and mild, compared to the winters on the main to the north of the highlands—there is seldom sleighing more than two or three weeks on the Island.

What is remarkable, a crop is seldom injured by drought—there is no part of the country where there is so little injury by drought as on Long Island; nor is there any injury from wet—there is no wet or cold land on the Island. All the land along the margin of the streams can be made highly valuable at a small cost, for there is no such thing as a flood or freshet, as in the interior part of the country, by which often very great damage is done; such an event as the carrying off a bridge, or the breaking of a mill-dam, with great damage, is almost unheard of on Long Island. The streams and bays abound in fish and wild fowl, in great abundance, and every variety.

The land is now being surveyed, and the lots and farms staked out, so as to designate each lot and farm as laid down on the Map, thereby saving subscribers from any expense for surveying.—Persons wishing to avail themselves of the splendid chance for a Homestead or Farm offered above, must apply soon.

In consequence of the great number of letters from all parts of the country, desiring information of these lands, it has been found necessary to answer them in this form.

☞Apply to Thomas Wood, Stationer, 117 John street, near Pearl, N. Y., or Charles Wood at the same place, either of whom will receive remittances and forward receipts therefor by return of mail. They will also gratuitously furnish maps and pamphlets of the property, and cheerfully give such information as may be desired. CHARLES WOOD, 117 John st., N. Y.

I also desire to say that I have good Farming Lands west of my Village Lands, which I will sell in 5 acre lots or upwards, at from $20 to $50 per acre. These lands are well situated for farming and garden purposes, in every respect.

Laws of the United States.

BY AUTHORITY.

PUBLIC ACTS.

Passed during the second session of the Thirty-first Congress.

(Public—No. 18.)

AN ACT making appropriations for the naval service, for the year ending the thirtieth of June, one thousand eight hundred and fifty-two.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums be and they are hereby, appropriated, to be paid out of any money in the Treasury not otherwise appropriated, for the year ending the thirtieth of June, one thousand eight hundred and fifty two:

For pay of commission, warrant, and petty officers and seamen, including the engineer corps of the navy, two millions seven hundred and seventy-one thousand four hundred and forty-eight dollars.

For pay of superintendents, naval constructors, and all the civil establishments at the several navy yards and stations, ninety thousand nine hundred and sixty dollars.

For provisions for commission, warrant, and petty officers and seamen, including engineers and marines attached to vessels for sea service, six hundred and eighty-eight thousand and eighty dollars. *Provided*, That no commutation of rations shall be allowed except to officers and their attendants, and for the spirit part of the rations; and no person not actually attached to, and doing duty on board a seagoing or receiving vessel, and the petty officers, seamen and ordinary seamen, attached to the ordinary of the navy yards, shall be allowed a ration. *And provided further*, That no rations stopped for the sick on board vessels shall be credited to the hospital fund, but shall remain and be accounted for by the purser as part of the provisions of the vessels; and that the rations of officers and others of the navy, sent to the hospitals on shore, shall be credited to the hospital fund at the cost only thereof; and the Chief of the Bureau of Provisions and Clothing, with the approbation of the Secretary of the Navy, shall prescribe all such regulations in relation to stopping such rations as will insure a faithful accountability for the rations stopped for the sick on board vessels, and to insure due credit to the hospital fund for the rations at cost of those sent to the hospitals on shore; the said regulations to go into effect on the first day of each succeeding month after their official receipt at yards, stations, and on board vessels.

For surgeons' necessaries and appliances for the sick and hurt of the navy including the marine corps, thirty-seven thousand six hundred dollars.

For repair of vessels in ordinary, and for wear and tear of vessels in commission, including fuel and purchase of hemp, one million three hundred and sixty-five thousand dollars: *Provided*, That the Secretary of the Navy shall hereafter purchase for the use of the navy, in open market, if to be procured, American hemp of a quality equal to the best foreign article.

For ordnance and ordnance stores, and small arms, including incidental expenses, one hundred and seventy-one thousand two hundred dollars: *Provided*, That the officer charged with the experiments in gunnery at the navy yard at Washington shall hereafter receive the compensation of a commander at sea.

For meteorological observations to be conducted under the direction of the Secretary of the Navy, two thousand dollars.

For the purchase, and repair of the nautical instruments required for the use of the navy, ten thousand five hundred dollars.

For the purchase of all the books, maps, and charts required for the use of the navy, eight thousand two hundred and fifty dollars.

For backing and binding the same, and for printing and publishing hydrographical surveys, astronomical observations, and sailing directions, nine thousand two hundred dollars.

And the superintendent of the naval astronomical expedition in Chili, directed by the act of the third of August eighteen hundred and forty-eight, shall receive the same amount of salary as is allowed to the superintendent of the naval observatory at Washington city, while he has been or may be in charge of that expedition: *Provided*, That the pay and emoluments of said officer shall not exceed, for any one year, the sum of three thousand dollars.

For models, drawings, copying, postage, stationery, freight, and transportation, for pay of lithographer, and for working lithographic press, including chemicals, for keeping grounds and buildings in order, for finishing the grading of the grounds, for pay of porters, gardner, watchmen, instrument-maker, for fuel, lights, and all the unenumerated contingent expenses, of the hydrographical office and national observatory, eleven thousand six hundred and twenty dollars.

For copying abstracts of old sea-journals, for the wind and current charts, and for continuing and engraving and publication of the same, including cost of copper, stones, chemicals, paper, &c., in the national observatory, fifteen thousand dollars.

For the repairs and erection of buildings at the United States Naval Academy at Annapolis, Maryland, fifty-two thousand five hundred dollars.

For contingent expenses that may accrue for the following purposes, viz: Freight and transportation, printing and stationery, advertising in newspapers, books, maps, models, and drawings, for purchase and repair of fire engines and machinery, and a patent right to use the same, repair and attending on steam engines in yards; purchase and maintaining horses and oxen, and driving teams, carts, timber wheels, and the purchase and repair of workmen's tools, postage of public letters, furniture for Government horses, fuel, oil, and candles for navy and store stations, cleaning and clearing up yards, watchmen, and incidental labor, not chargeable to any other appropriation, labor attending on delivery of stores and supplies on foreign stations, wharfage, dockage and rent, travelling expenses of officers, funeral expenses, store and office rent, stationery and fuel to navy agents, and store keepers, flags, awnings, and packing cases, premiums, and other expenses of recruiting, apprehending deserters, per diem pay to persons attending courts martial and courts of inquiry, and other services authorized by law, pay of judge advocates, pilotage, and towage of vessels, and assistance rendered to vessels in distress, five hundred and twenty-eight thousand seven hundred dollars.

For the floating dry-dock in California, one hundred and fifty thousand dollars; and the Secretary of the Navy is hereby required so to modify the contract alleged to have been made on the seventeenth of January last as to confine the sum to the construction of the floating dock alone, without the basin and railway; *Provided*, The contractors will agree to do the work at the estimates made by the Department in November and December last: *And provided*, The Secretary considers the said estimates fair and reasonable; and so much of said law as authorizes the construction of the basin and railway is hereby repealed; *Provided*, That, before making said contract, the Secretary of the Navy shall give at least sixty days' notice by advertisement in the usual way,

For transportation of the United States mail between New York and Liverpool, between New York and New Orleans, Havana, and Chagres, and between Panama and some points in the Territory of Oregon, eight hundred and seventy-four thousand six hundred dollars: *Provided*, That no payment shall be made for said services except in proportion to the mail service heretofore performed; or that may be hereafter performed; and that the Secretary of the Navy is hereby directed to make payment in said proportion only: *Provided, also*, That the Secretary of the Navy be, and he is hereby authorized, and directed to require the several advances of money, made under the act of Congress, August third, one thousand eight hundred and forty-eight, to the different contractors or their assignees, for mail steamship service, to be refunded by deductions from the compensation of each line, ten per cent, annually, reckoning in the adjustment of the advances to all of the lines, from the commencement of the performance at their respective mail service: *And provided, further*, that the said contractors or their assigns shall, from and after the passage of this act, pay interest on the balances of said advances still due, at the rate of six per cent per annum, til paid: *And also, provided further*, That the Secretary of the Navy, and the Post Master General be authorized by and with the consent of the contracting parties respectively, to re-arrange the running of the United States mail steam-ships, so as to afford more direct despatch between the ports of the United States and the Isthmus of Panama: *Provided*, That the Post Master General shall maintain a semi-monthly mail between Charleston, Savannah, and Havana, during the continuance of the Sloo contract, also to make the service from Panama to California and Oregon conform with the service required by the existing contract on the Atlantic side of the Isthmus by increasing the trips of the Pacific line to semi-monthly: *Provided*, That the said increased service on the Pacific side shall be at a rate not exceeding seventy-five per cent. upon the amount now paid for the Pacific service, and to be performed in steamships built according to the specifications and subject to all the clauses of the A Harris contract, beneficial to the United States. And the Post Master General is hereby authorized to include in this arrangement such a provision for the transportation of the letter mails only in the steamships of the said contractors running between New York and Chagres as in his opinion the public service may demand, not exceeding in the whole the amount herein limited: *And provided, further*, That the compensation for the semi-monthly service already performed between Panama and California and Oregon, and for such service for the coming year, shall not exceed three-fourths the usual rate at which additional mail service may be ordered under existing laws, and shall be paid out of any unexpended balance of money heretofore appropriated for mail steam service: *Provided*, That, whenever a better route between the Atlantic and Pacific oceans is established, the Secretary of the Navy and the Post Master General are authorized to agree with the present contractors for the Pacific line to change the terminus of the additional semi-monthly service hereby authorized so as to secure the advantage of increased despatch and economy; and in case the reduction of compensation for the change of service be not agreed on between the parties, the same shall be referred to Congress. And the Post Master General is also authorized to make corresponding arrangements with the present contractors for the transportation of the mail from New York to Chagres for the change of the terminus of their route. And until such better route be established the Post Master General shall be, and hereby is, authorized to enter contracts or to make suitable aarangements for transporting the mails between Chagres and Panama with regulation and despatch: *Provided*, The rate of compensation shall not exceed twenty-two cents per pound, and shall cease on the establishment of any new route between the two oceans offering greater despatch and economy.

AYER'S CHERRY PECTORAL.

For the Cure of

COUGHS, COLDS,

HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which facts will not warrant.

Many proofs are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

FROM BENJ. SILLIMAN, M. D., L. L. D.,
Professor of Chemistry, Mineralogy, &c., Yale College, Member of the Lit. Hist. Med. Phil. and Scien. Societies of America and Europe.

"I deem the CHERRY PECTORAL an admirable composition from some of the best articles in the Materia Medica, and a very effective remedy for the class of diseases it is intended to cure."

NEW HAVEN, CT., Nov. 1, 1849.

PROFESSOR CLEAVELAND, of Bowdoin College, Maine.

Writes—"I have witnessed the effects of your "CHERRY PECTORAL" in my own family and that of my friends and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throats and lungs."

REV. DR. OSGOOD

Writes—"That he considers "CHERRY PECTORAL" the best medicine for Pulmonary Affections ever given to the public, and states that his daughter after being obliged to keep the room four months with a severe settled cough, accompanied by raising of blood, night sweats, and the attendant symptoms of Consumption, commenced the use of the "CHERRY PECTORAL" and had completely recovered."

HEAR THE PATIENT.

Dr. Ayer—Dear Sir: For two years I was afflicted with a very severe cough, accompanied by spitting of blood and profuse night sweats. By the advice of my attending physician I was induced to use your CHERRY PECTORAL, and continued to do so till I considered myself cured, and ascribe the effect to your preparation.

THE REMEDY THAT CURES.

PORTLAND, Me., Jan. 10, 1847.

Dr. Ayer: I have been long afflicted with Asthma which grew yearly worse until last Autumn, it brought on a cough which confined me to my chamber, and began to assume the alarming symptoms of Consumption. I had tried the best advice and the best medicine to no purpose, until I used your CHERRY PECTORAL, which has cured me, and you may well believe me, Gratefully yours, J. D. PHELPS.

If there is any value in the judgement of the wise, who speak from experience, here is a medicine worthy of the public confidence.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and all the impure diseases of the blood—and if the VERY SMALL QUANTITY *which was used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the Medicine which has robbed and conquered such diseases—then this is unquestionable evidence that—*

BRANT'S INDIAN PURIFYING EXTRACT

is such a *Medicine, in every respect*; and there is abundant proof, in great cures effected, that ONE BOTTLE of it contains *more purifying*, healing virtue, and *medical power*, than there is contained in FOUR BOTTLES *of any Sarsaparilla*, or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great *Indian Purifier*, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED!

Hundreds—Thousands—

who have used *BRANT'S PURIFIER*, after having used and tested all the *Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because one bottle of it has more medical, curative matter in it, and, in consequence, cures *more disease*, in much less time, than one bottle of any other medicine.

If, then, one bottle of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle of Sarsaparilla*—"BRANT'S PURIFIER" would be as *cheap* at *four dollars* a bottle, as *sarsaparilla* at *one dollar*. But Brant's PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has cured, and is capable of curing, *FOUR TIMES* as much disease as *one bottle of Sarsaparilla*, therefore, Sarsaparilla, in consequence of its less power and less medical efficacy, should be sold at no more than *twenty-five cents* per bottle, to be as *cheap* as the PURIFIER is at *one dollar*.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of *BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its powers—

CANCEROUS SCROFULA!

This is the case of a dying man who yet lives. He was cured of a worse case of SCROFULA, by only *twelve bottles of Brant's Purifier*, than ever was cured by the use of twelve or more of the best *Sarsaparillas* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *revoltingly hopeless* case.

Mr. J. B. HASKIN, *of Rome, Oneida Co., N. Y.*, had *Scrofula four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used all of the *best Sarsaparillas* to no good effect—got *worse and worse*, and was considered to be in a *dying state*, and could not live *twenty-four hours longer*, when he commenced using BRANT'S PURIFIER. His *neck was eaten nearly off, from ear to ear*; a *hole was eaten through his windpipe*, under his chin, so that he breathed through the hole; his *ear* was so eaten around that it could be *lifted* out of its place, it only holding by a *small piece*; the use of one *arm* was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly *eaten through his side into his body*. Thus he was afflicted with *twenty* such *putrid, acrid, offensive ulcers*, on various parts of his person. *For further and full particulars*, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world would not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "*My wife* procured one bottle of *BRANT'S PURIFYING EXTRACT*, of *Bissell & Leonard*, druggists of Rome. I commenced using that, and *began to get better*. That bottle enabled me *to get off my bed*, where I had been confined *one year*; the *second bottle* enabled me *to get out of the house*; the *third bottle* enabled me *to walk two miles*, to Rome Centre, where I procured *six bottles* more; and when I had finished using them, *seventeen* out of *twenty ulcers had healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health*."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. B. BROWN, proprietor of the *West Rome Hotel*—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses*.

CANCERS CURED!

Mr. [illegible] B. KINNEY, merchant, *Clinton, Oneida county*, [illegible] wonderful cures of CANCERS through the use of BRANT'S PURIFYING EXTRACT. A [illegible] *Greene county, N. Y.*, [illegible] using said Purifier. [illegible] B. SANDERS, druggist, at Canajoharie, *Montgomery co., N. Y.*, has informed us of an important *cure of a* [illegible] *cancer*. [illegible] Therefore, this PURIFIER cures CANCERS [illegible] its purifying, healing power, must [illegible] disease [illegible]. Seven years' experience [illegible] that there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, wrote to us: "I have just received a letter from Mr. DAN'L DUNNING, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had to have one of his legs *cut off*, to save his life, in consequence of a Fever-sore. The other leg being now affected, and about to be amputated, I recommended BRANT'S MEDICINE. Read the result. He says: '*I have used only three bottles* of BRANT'S MEDICINE. *I placed* ALL *hope from your recommendation*, in that Medicine, and I can now say that, with the blessing of God, *it has effected a cure of my leg*.'" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, *of Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured* by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half as certain and efficient in restoring* ALL the incidental weaknesses and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess*, or other *irregularity*—it REGULATES ALL, by *strengthening the* SYSTEM, *equalizing the* CIRCULATION, *and soothing and allaying* NERVOUS IRRITABILITY. See pamphlets.

CHANGE OF LIFE,

from the *girl* to the *woman*, and the woman of *middle age*—in one case is *[illegible]*, and the other to *gradually* [illegible] *preventing* any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co., *February* 1, 1849.

"M. T. WALLACE & CO.—*Gentlemen*: I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating*. I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LEUCORRHŒA, &c.

"BYRON, Genesee Co., N. Y., Oct. 19, 1847.

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Leucorrhea* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until our skill was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty-five pounds; but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "now well." He, we are informed by Z. S. TERRY, Esq., of the same place, has studied Medicine.

MERCURIAL DISEASES,

BRANT'S PURIFYING EXTRACT is *a perfect and thorough remover of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system*; and it restores the *blood, muscles, and all the parts affected*, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLTSTANDER, merchant, *Oberlin, Lorrain Co., Ohio*, wrote, December 18, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said: "I have *personally used* BRANT'S PURIFYING EXTRACT, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In *every instance* where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the* BEST SATISFACTION."

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, are always cured by *BRANT'S EXTRACT*.

THE GREAT

RENOVATOR OF THE BLOOD

AND

DISEASE EXTERMINATOR.

EXPERIENCE is the Basis of all Real Knowledge.—To SEE and to FEEL is to KNOW, and that which is seen and known must not be contradicted. When Galileo announced the discovery of new planets, the Aristotelians said, "This is impossible." Galileo replied, "Look through my telescope, and behold." The philosophers rejoined, "We will not look lest we should see them." There are a few people *now-a-days* so silly that they will not look at facts lest some prejudice should be disturbed. These persons are, *however*, not numerous, and their stupidity injures nobody but themselves. The character of Dr. S. P. Townsend's Compound Extract of Sarsaparilla rests upon universal experience alone. Without this solid foundation, it never could have attained the wide-spread popularity which it at present enjoys. Its value and medicinal efficacy being thus demonstrated by the experience of thousands, it is only necessary to say that science sanctions and verifies the verdict.

Dr. JAMES R. CHILTON,

a Physician and Chemist of the highest rank, superintends the compounding of this Sarsaparilla.

Dr. S. P. Townsend's Sarsaparilla has proved to the satisfaction of thousands, to be the Great Purifier of the Blood and Female Strengthener. It will not reduce the already debilitated, its Tonic Action being such as to STRENGTHEN, as well as to regulate the bowels.

HOME TESTIMONY.

SALT RHEUM,

OF MANY YEARS STANDING.

The following evidence of the efficacy of Dr. S. P. TOWNSEND'S EXTRACT OF SARSAPARILLA in Cutaneous Diseases, is well worthy the notice of those afflicted with such disagreeable eruptions:

New York, August 6, 1850.

Dr. S. P. Townsend—Dear Sir: I am most happy to acknowledge that, after suffering for nearly nine years with the Salt Rheum in a very aggravated form, and being abandoned as incurable by several of our first physicians, I was finally persuaded to try your far-famed Sarsaparilla. The effects were soon perceptible, and when I had used ten bottles, to my great surprise I found myself not only cured of that most disagreeable and irritating disease, but my general health was so much improved that it astonished my family and friends. Since then I have advised others to make use of your Medicine, and have noticed its wonderful effects curing in numerous diseases, not altogether caused by a bad state of the blood.

Yours most respectfully,

Mrs. JANE SHAW, 105 Third Avenue.

P. S. You have my consent to publish the above; and it will give me great pleasure to state my case personally to any lady that is similarly afflicted.

COUGHS AND COLDS.

Dr. S. P. Townsend's Sarsaparilla contains just the qualities that are requisite in these cases. It acts as a mild alterative and expectorant, thus changing the action of the system, and enabling it to throw off the complaint. The number of Instances in which Coughs and Colds have been cured by this preparation is immense.

Brooklyn, June 13, 1850.

Dr. S. P. Townsend—Dear Sir: I was taken sick about a year ago, which was thought by many would result in Consumption. I had used "old Dr. Jacob Townsend's (as he is called) Sarsaparilla, which done me no good. I then tried yours, and am most happy to say it has entirely cured me. I am a clerk of Col. JAMES T. JACK, Esq., Counsellor at Law, Montague Hall, in this city.

Yours, &c.,

WILLIAM NEWTON SHEFFIELD.

DYSPEPSIA AND NERVOUS DEBILITY.

Messrs. Nostrand & Bach.

Gents:—Gratitude will no longer prevent my acknowledging to you how much I have been benefited by the use of Dr. S. P. Townsend's Sarsaparilla. For nearly a year I have been afflicted with Dyspepsia and Nervous Debility; I had become almost discouraged, as my physician's prescriptions were every day the same; "You require no medicine, but exercise in the open air, my good lady, or you will never get well." Feeling as I then did, this was not practicable. So I began, through the recommendation of Mrs. Carman, in Johnson st., to take Dr. S. P. Townsend's Sarsaparilla. She said it would strengthen and give an appetite, if nothing more. By her advice, sent $1, and obtained three bottles. Before I had taken all of the first bottle, began to feel stronger, and spirits much improved—began to go out more or less every day. I have not taken all of the third bottle, as I find a tea-spoonful now to have more effect than two table-spoonfuls did at first. This, I have been told, is one of the great secrets of the success of your medicine; that instead of increasing, the dose is diminished. I am now enjoying better health than I have before for a year. As I am well known to many in your city as well as in Brooklyn, it might be to your interest to publish this, which you have my consent to do.

Yours, &c. MRS. CAROLINE GRAHAM,

Music Teacher, Prospect street, Brooklyn.

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most deeply marked and developed cases of PULMONARY CONSUMPTION—*real*, undoubted cases *of ulcerated and diseased* LUNGS—such HOPELESS cases as were never before cured by any other medicine. *So utterly hopeless* were some of the afflicted persons, as to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually *prove so fatal under ordinary treatment*, when they attack the

Breast, Throat, Lungs, and Heart.

THE BALSAM HEALS AND CURES ULCERS on the *LUNGS*, and elsewhere *internally*, as *certainly and easily* as the PURIFYING EXTRACT *cures and heals ulcers externally*. This Balsam cures NINE cases of *Cough and Consumption* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults*, and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, so FAR GONE, *that the SHROUD and BURIAL-CLOTHES were bought!* For *the particulars of this case*, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, *of Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many other, almost equally hopeless*, and innumerable cases of *Coughs and Consumptions* CURED, which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 17, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years*, was cured by the use of BRANT'S *BALSAM*.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Fairport Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon inhabit a grave. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man*."

S. D. DANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his* CURE, *and all the above-named facts*.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Otego, Otsego Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM*, and its medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic household affairs and duties*. She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was *useless to take any more medicine*. He then, when *no hope was left*, began to take BRANT'S BALSAM—*now WELL—and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "*If the statements* of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH!"

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 24, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die*. When *he* commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over our county. He used *only five bottles*. It has also cured a young lady of *Consumption* in Orleans county, which her father *says no doctor could cure*."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction*, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *dangerous* and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE *with a Consumption of the Lungs*. After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is *well*."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children or grown persons*, cured *without any failure whatever*. Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice as large portions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL.

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by its use, in Monroe Co., Sullivan Co., New York about a year since: and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendation, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully. IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and give *better satisfaction*, than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age*.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

Sidney, New Jersey, July 12, 1848

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never *returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W. LANDIS.

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

Prepared by

Dr. C. M. JACKSON,

At the German Medicine Store,

120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.]

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!!

The Handsomest, Cheapest, and Best Article for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light.—Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.
